

REMARKS

Claims 1-37 have been cancelled. New claims 38-63 have been added. No new matter has been added. All of the new claims are supported by the originally filed specification and drawings. Applicant respectfully requests continued examination of the present application in light of the newly filed claims.

The new claims are allowable for at least the reasons discussed in the previously filed after final office action response, the remarks section of which are incorporated herein by reference thereto. Moreover, additional features of Applicant's invention are also claimed, e.g., the multi-jurisdictional nature of the jackpot game.

In light of the foregoing amendments, Applicant respectfully submits that all pending claims are in condition for allowance. The claimed invention is new, non-obvious, and useful. The Examiner is invited to contact the below-named attorney for any outstanding issues in connection with this application.

Respectfully submitted,

KENYON & KENYON
